

The SCOPE Headache Program is available to see patients!

What is the SCOPE Headache Program?

Diana Medeiros is the new Nurse Practitioner (NP) who works collaboratively with a Neurologist from the Women's College Hospital Centre for Headache to:

- 1) **Confirm a headache diagnosis**
- 2) **Provide headache-specific education**
- 3) **Develop individualized treatment plans**

What patients can be seen?

Eligible patients include those with:

- ✓ Primary headache disorder
- ✓ Migraine
- ✓ Tension-type headache
- ✓ Trigeminal autonomic cephalalgias (TACs), including cluster headache
- ✓ Post traumatic headache *(after other neurological issues have been addressed)*

The program will not accept:

- × Patients currently managed on opioid therapy
- × Patients with non-headache neurological issues
- × Patients with red flags

How can I refer my patients?

Refer your patient using the SCOPE Headache Program Referral Form (click [here](#)) and fax to [416-323-6152](tel:416-323-6152) or via OCEAN eReferral (look up SCOPE Headache Clinic)

Questions?

If you have any questions or would like to learn more about the SCOPE Headache Program, please contact Diana Medeiros at [437-216-5303](tel:437-216-5303)
